The issues I've heard

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I'll go through my notes and see if there's anything else to share!

Best Regards,

Nikki

The first one ties in with some ORD interest and of course all three are relevant.
Do you have a way to feed this to Mary for her to share with Jennifer and Center Directors?
Mary's next monthly meeting with Jennifer is tomorrow 10:30 am.

I'm still learning how ORD leadership interacts but you've put this on my radar for sure and the ORD OCSPS summit may be a venue to discuss but Center Directors will have to be the ones to offer support.
Hmm, I can also report on this at the 9:30 tomorrow. I'll try that too.
"Notes from TSCA coordination:

Ex. 5 Deliberative Process (DP)

Feel free to call.

The coordination meeting was a bit dull – its hard to make them engaging sometimes, poor Steve – he had the right idea and the wrong timing!

Hi Emma,

I hope things are going well on your detail! This is an email related to my comment on the call.

I have also talked to my previous Branch Chief about these groups.

Do you have any thoughts about how we may offer ORD support on these cross-cutting issues?

Best Regards,

Nikki

Colleagues - As part of our 'Lessons Learned' investment of FTE, we want to stand up three interdisciplinary science teams to think about how we might approach three issues in the next round of existing chemical Risk Evaluations:

Ex. 5 Deliberative Process (DP)

The purpose of this form is to give ECRAD staff a chance to self-nominate for participating on one of these teams. ECRAD management will review nominations and select team members and a lead.

The teams will then:

Ex. 5 Deliberative Process (DP)

If you are interested in participating on one of these teams, please complete this form expressing your interest and flagging any related efforts of which you are aware. You might also let your BC know of your interest, as they will have a role in assigning staff to work on these efforts.

Best regards, Andy
